

# Non-Residential ERU Master List

## City of Mount Vernon

### Stormwater Utility

This document contains a listing of **non-residential** parcels within the City of Mount Vernon. The table contains the following attributes:

*Zoning classification, owner address, parcel identification number, property address, impervious area and equivalent residential units (ERU).*

Residential parcels are assessed at the rate of one ERU per address and are not listed in this table.

This table is sorted first by the zoning classification, then by the owner's address information and finally by the parcel identification number. Please refer to the Stormwater Utility Rules and Regulations for more information on specific definitions, calculation methods, rates, corrections, and credit qualifications, available online at:

<http://mountvernonohio.org/stormwater-utility/>

#### **Tips for searching:**

Use the **CTRL-F** function to find specific information such as the parcel identification number.

Individuals who own multiple parcels will be grouped together based the zoning classification and owner address. Use the sum of the ERUs to calculate costs.

*June 3, 2020*
